Introduction

NEXT GENERATION are Ag Challenge's secondary-tertiary programme offerings.

- Trades Academy
- STAR
- Gateway
- Short Courses (Tailor-made)

These programmes are a link between secondary school and tertiary study. We work with secondary schools, trainers and industry to help students identify career pathways and explore further opportunities for study and training.

Is it for our School?

If your students are Year 11 to 13 and focused, committed and keen to work in an agriculture, animal care or construction environment then yes, this is for you!

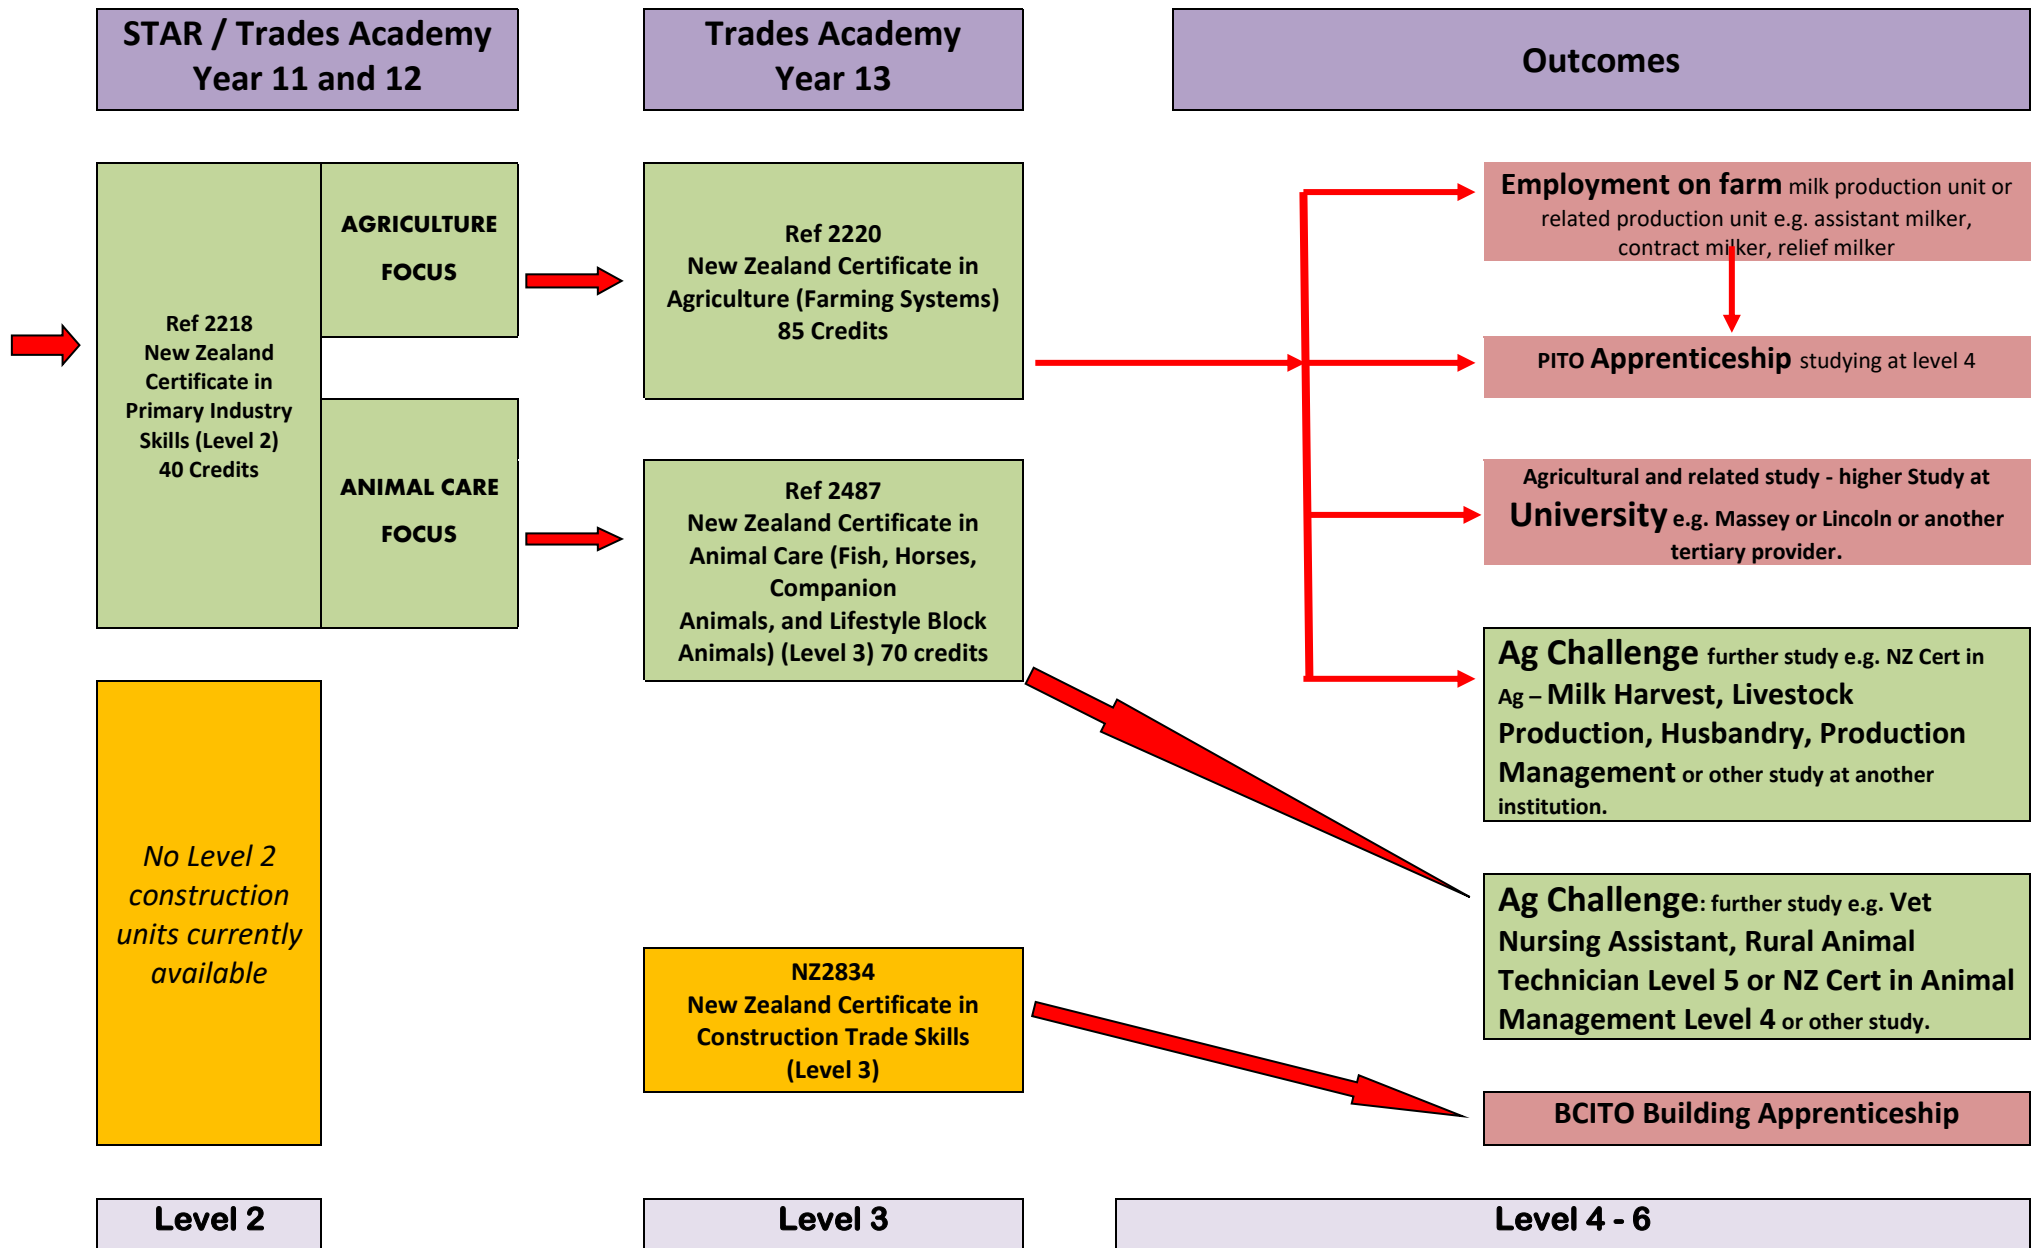

What does it cost?

- Trades Academy courses are funded through the Ministry of Education. This funding is split depending on how many days per week students are studying between school and tertiary. Total costs will be detailed in the MoU.
- STAR courses are based on a per day rate which is \$110 per day per student (incl GST)
- Gateway courses are based on a per credit price which can be found on page 18

What are the benefits?

- Gain credits towards NCEA while studying in a tertiary environment
- More choices for students to include vocational pathways in their study options
- Experience the outside world but maintain the security of school
- Short courses can be tailor-made to suit your students' requirements
- Get a head start on a career while still at school
- Free transport
- Gain work experience and become work-ready

NEXT GENERATION: Vocational Pathways: Secondary Schools

STAR (Secondary Tertiary Alignment Resource)

Introduction to STAR

STAR programmes are short, taster-style classes that help students explore career options and make informed decisions about their future schooling, work or study.

Who is it designed for?

Year 11 students, but Year 12 and 13 students are also welcome

What are the benefits?

- Easily try out a possible career and provide options for Vocational Pathways
- Experience a tertiary learning environment while still at school
- Get practical, hands-on, work-based experience
- Gain NCEA credits
- 20 credit programmes available

More information

Secondary Schools administer this funding. Schools engage Ag Challenge to provide training and education to their students under a Memorandum of Understanding (MOU) for specific programmes or unit standards.

The objectives of STAR are to:

- ✓ provide flexible funding for courses which will better respond to students' needs, motivate them to achieve, and facilitate their smooth transition to further education, training or employment
- ✓ support students to explore career pathways and help them make informed decisions about their schooling and future work or study.

Trades Academy

Introduction to Trades Academy

Trades Academy students study at least one day a week over three to four terms and gain NCEA credits. The learning takes place in a practical and hands-on environment using industry standard equipment and technology relevant to your chosen career path. Students develop the foundation skills needed to progress to further study opportunities or move directly into employment.

Who is it designed for?

Secondary school students in Years 11 to 13.

What are the benefits?

- Get a head start on a career while still at school
- Gain credits towards NCEA
- Gain experience of the outside world while still at school
- Get a fees-free tertiary education
- Enjoy free transport
- Study at Ag Challenge 1 to 2 days per week (depending on the programme)
- Gain work experience
- Become work-ready and employable!

More information

Ag Challenge has joined with the National Trades Academy (NTA) who are a Tertiary Education Organisation based in Christchurch. NTA are a Lead Provider in Trades Academy and have contracted Ag Challenge to deliver their North Island provision.

Vocational Pathways

The Vocational Pathways provide new ways to achieve NCEA Levels 1, 2 and 3 and develop pathways that progress to further study, training and employment. Achieving NCEA Level 2 is the foundation for success in further education and the world of work. Level 3 builds upon this through shared opportunities across school, tertiary, and industry training. The Vocational Pathways provide a framework for students to show how their learning and achievement is valued in the workplace by aligning learning to the skills needed for industry.

The six Vocational Pathways are:

- Primary Industries
- Services Industries
- Social & Community Services
- Manufacturing & Technology
- Construction & Infrastructure
- Creative Industries

NCEA Levels 1 and 2 Vocational Pathways were launched in 2013. This was a result of government agencies, the industry training sector, secondary and tertiary representatives and industry and employer representatives working together. In 2015 NCEA Level 3 Vocational Pathways were also released.

Our STAR and Trades Academy programmes have been linked to the Vocational Pathways, so you know that your students are studying credits towards a Vocational Pathway.

Gateway

Introduction to Gateway

Gateway programmes are for students working towards NCEA Level 2 and 3. Gateway offers structured workplace learning opportunities. Ag Challenge delivers these courses via distance learning which means students work at their own pace and in their own environment.

Who is it designed for?

Year 11 to 13 students

Gateway students can study theory units in:

- Animal Care
- Agriculture
- Building and Construction

Units should be completed in conjunction with Gateway student work placements.

Gateway Programme Units are charged at:

- | | |
|------------------------------------|--------------------|
| • Agriculture | \$41.50 per credit |
| • Animal Care / Veterinary Nursing | \$41.50 per credit |
| • Building & Construction | \$45.75 per credit |

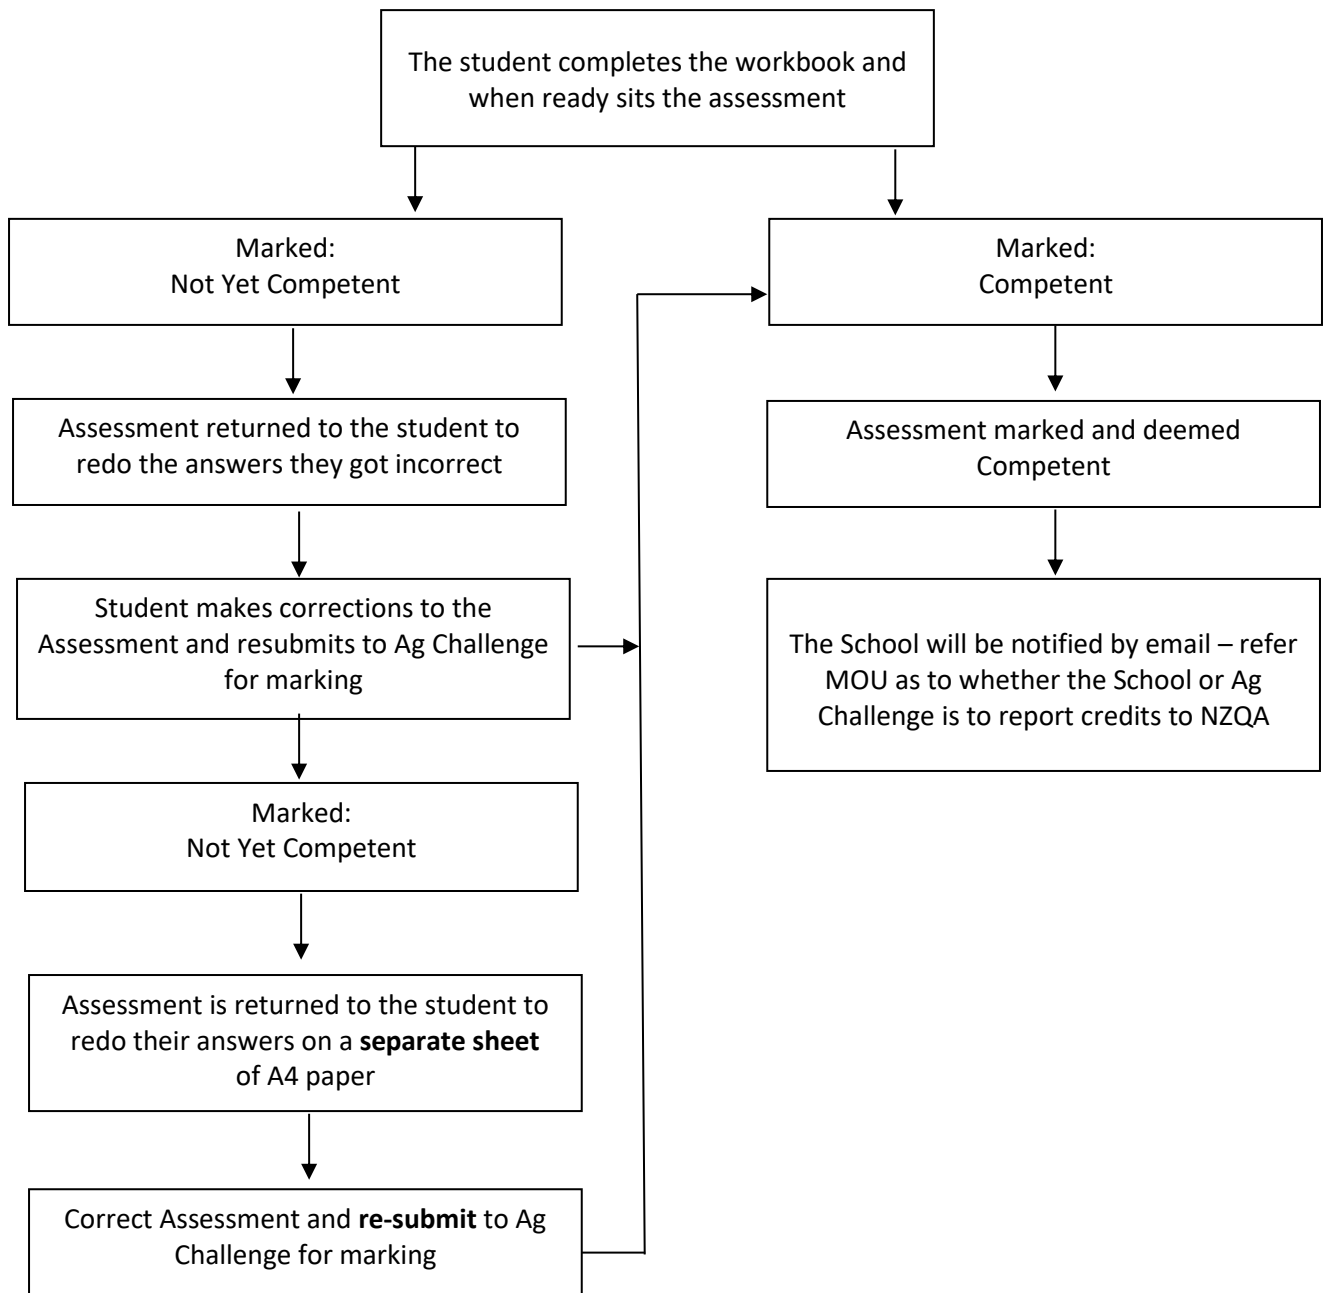

(All prices include GST)

Price includes:

- **Workbooks** (some units require additional research)
- **Assessments**
- **Projects/Case Study** (as required)
- **Notes** (as required)
- **All marking**
- **Postage**

All parts (i.e. Project/Case Study and Assessment) must be completed to **COMPETENT** level before an **ACHIEVED** result can be processed.

How Gateway works...

NOTE 1: The students can only submit the Assessment for marking a maximum of THREE times. After that, the assessment is marked Not Competent and cannot be resubmitted

NOTE 2: For any Carpentry Units sent out, the workbook AND assessment must be submitted at the same time, due to assessing of oral questions.
